PIANOS.

We are still the only authorized agents here for the above firm, or, as our near neighbor [illegible] express it, in their advertisement [illegible] part of this paper, "Mrs. Chickering's [illegible]." WHALEBONE SKIRTS.

THE great object of Whalebone Skirts is to give a proper, graceful and elegant form to a lady's dress. Unless this is accomplished, the article is entirely worthless. The Ladies by referring to Frank Leslie's Gazette of Fashion for April, will notice that E. & J. HOLMES have, from actual experience, been successful in producing the most desirable article, and that their Improved Seamless Skirt meets the unanimous approbation of the editor. They are light, pliable, and perfectly elastic, and the only Skirt which is equally adapted to the parlor, the street and the promenade, are made in one piece or breadth, and in our opinion and in the opinion of hundreds of ladies who have bought them, the most reliable goods of the kind in the market. We were the first to introduce a Whalebone Skirt, and from our experience in the manufacture and study of these goods, we have found that all kinds of cotton cord, and nearly all kinds of cord and all starched goods cannot be used satisfactorily, as they will not recover their place when pressed out of shape. We consider all

WHALEBONE SKIRTS

as worthless, of whatever material made, unless there is something of sufficient stiffness and elasticity, and at the same time yielding and pliable, to keep the dress in proper shape below the hips. To accomplish this we have our cord made under our own direction, and expressly for our goods and from the only material that can be used that will recover its proper place when pressed out of shape, and are so twisted in the manufacturing that they will not roll or curl when worn and warranted to wash without injury. The public are cautioned against all worthless goods in the market, as our goods have become popular, and extensive and known, and been flooded with goods of all kinds, and put together without form or comeliness, or any other object but to sell, and of course are called Whalebone Skirts. Some imitators in their efforts to profit by our reputation, have gone so far as to copy almost exactly our trade mark upon their goods.

Please Notice.—Every genuine article stamped E. & J. Holmes' Improved Seamless Whalebone Skirt, and may be found by the trade in many of the largest Jobbing Houses in New York and Boston, and at retail in the principal Dry Goods stores.

Professor Humphrey's
SPECIFIC
Homœopathic Medicines
......FOR......
Families, Travelers, and others.

THESE Medicines have been carefully prepared, with a view of supplying families and others with Specific Remedies against all the more common diseases which occur in every day life. The list includes not only remedies for all the more common diseases, such as Coughs, Colds, Headaches, Derangements of the Digestion, Fever, Worm Complaints, Diarrhea, &c., but also for those more sudden and violent diseases which require to be met on the spur of the moment, such as Cramp, Cholera, Dysentery, Inflammation, &c., for whose treatment it is very important always to have the proper remedies on hand. There are also remedies for those more delicate female derangements which a lady finds it so difficult to disclose; but yet a freedom from which contributes so much to the happiness and enjoyment of life.

These Medicines are prepared in the form of large Sugar Pellets, one of which is sufficient for the large t dose, and put up in boxes properly labelled. Each box contains 30 or 40 Pellets, and 6 boxes for the different kinds, are enclosed in a case, [illegible] with a small Manual or Book of Directions, giving a concise description of the diseases treated, and directions for giving the medicines, diet, &c., necessary for a cure. Cases, also, containing four or six of the small boxes, are put up, which may be supplied with any of the different kinds at the option of the purchaser.

The advantages of Specific Homœopathic Medicines.—In prescribing other Homœopathic Medicines a dozen or twenty will be recommended for a cough, headache, diarrhœa, fever, and much care, study, and discrimination is required to select the proper one. But here one based Specific Remedy for each particular disease, and hence are able to use them with benefit and precision without that [illegible] and study which the business [illegible] is so impossible to bestow, and without that research and examination which, to the mother, nurse, or invalid, is so perplexing, annoying, and unsatisfactory. The advantages are so obvious as to commend them to all.

Prepared by Dr. F. HUMPHREY, Auburn, N. Y., and sold by C. B. WALKER, Agent for Maine, at 34 Main street.

THE GREATEST
MEDICAL DISCOVERY
Of the Age.

Dr. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR
From the worst Scrofula down to a common Pimple.

He has tried it in over 1100 cases, and never failed except in two cases, (both thunder humor.) He has now in his possession over two hundred certificates of its virtue, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two to three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth and stomach.

Three to five bottles are warranted to cure the worst case of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruption of the skin.

Two to three bottles are warranted to cure the worst cases of ringworm.

Two to three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure the salt rheum.

Five to eight bottles will cure the worst cases of scrofula.

A benefit is always experienced from the first bottle; and a perfect cure is warranted when the above quantity is taken.

Reader, I peddled over a thousand bottles of this in the vicinity of Boston. I know the effect of it in every case. So sure as water will extinguish fire, so sure will this cure humor. I never sold a bottle of it but that sold another; after a trial it always speaks for itself. There are two things about this herb that appear to me surprising; first, that it grows in our pastures, in some places quite plentiful, and yet its value has never been known until I discovered it in 1846—second, that it should cure all kinds of humor.

In order to give some idea of the sudden rise and great popularity of the discovery, I will state that in April, 1853, I peddled it, and sold about six bottles per day—in April, 1854, I sold over one thousand bottles per day of it.

Some of the wholesale Druggists who have been in business twenty and thirty years, say that nothing in the annals of patent medicines was ever like it. There is a universal praise of it from all quarters.

In my own practice I always kept it strictly for humors—but since its introduction as a general family medicine, great and wonderful virtues have been found in it that I never suspected.

Several cases of epileptic fits—a disease which was always considered incurable, have been cured by a few bottles. O, what a mercy if it will prove effectual in all cases of that awful malady—there are but few who have seen more of it than I have.

I know of several cases of Dropsy, all of them aged people cured by it. For the various diseases of the Liver, Sick Headache, Dyspepsia, Asthma, Fever and Ague, Pain in the Side, Diseases of the Spine, and, particularly in Diseases of the Kidneys, &c., the discovery has done more good than any medicine ever known.

No change of diet ever necessary—eat the best you can get and enough of it.

DIRECTIONS FOR USE.—Adults one table spoonful per day—Children over ten years dessert spoonful—Children, from five to eight years, tea spoonful. As no directions can be applicable to all constitutions, take sufficient to operate on the bowels twice a day.

The Principal Office for the State of Maine and the British Provinces, is at the Drug and Medicine Establishment of H. H. HAY, 15 & 17 Market Square, Portland, Maine, to whom all orders should be addressed. Sold by respectable Druggists throughout the United States and British Provinces.

PRICE $1,00.

The Great European Cough Remedy.

Important to the Consumptives and the Public generally. The celebrated

Universal Cough Mixture

IS a safe and effectual Remedy for Coughs of every description whether of children or adults, of recent or long standing.

PREPARED ONLY BY
REV. WALTER CLARKE,
Sole Proprietor, Cornishville, Maine.

Within the last twelve months thousands of bottles of the Universal Cough Mixture have been sold in the State of Maine alone, and everywhere its extraordinary power in relieving and curing diseases of the Chest and Lungs, is gratefully acknowledged, and especially in cases of obstinate and long standing Coughs, it speedily allays the unpleasant sensation in the throat which excites coughing. It promotes free and easy expectoration, and by removing the exciting cause of the cough, it frequently enables the sufferer to enjoy natural and refreshing sleep, who for weeks had been deprived of that blessing.

Sold in trial bottles, 25 cents each; large bottles, each containing the quantity of four small ones, 75 cents each.

Extract of a letter from Daniel Adams, Esq., of Hooksett[illegible], Maine.

February, 17th, 1853.

To Rev. Walter Clark. Dear Sir—The bottle of Cough Mixture which I bought of you at Topsham had the desired effect on my wife. She had been afflicted with a cough for two years—that bottle entirely removed it.

From Rev. Jesse Hayes, Lewiston Falls.

Bro. Clarke—Every bottle of the Universal Cough Mixture which you left with me, is sold—and I have several applications for more. As far as heard from all have been perfectly satisfied with the medicine. One man, who had a cough of long standing, attended with tightness of the chest and shortness of breath, so that he was laid aside from labor, purchased one large bottle, and before he had taken one third of it, was perfectly cured, and has had no cough since. He says it is the best medicine in the world, and cannot be too [illegible] recommended too highly.

JESSE HAYES.

From Mr. Fletcher Clark, agent for North Dixmont, Maine.

Dear Sir—A number of the most extraordinary cures have been effected by your Universal Cough Mixture in this place. Several who had coughs of a year's standing and others who have been doctored six months without receiving any benefit, have been speedily cured by the Universal Cough Mixture.

From Mrs. Hubbard, Thorndike, Me.

February 1, 1854.

To Rev. Walter Clark. Dear Sir—This certifies that I have used two bottles of your Universal Cough Mixture for a distressing cough and soreness in the lungs. I had previously taken several kinds of medicines, and had been under the care of several physicians, without obtaining the least relief. Happily your Universal Cough Mixture was recommended to me. I procured a bottle, which I began to take according to directions on the label, and which in a few days I was entirely cured.

GREAT
American and Foreign Office,
—FOR—
Securing Patents for Inventions.

AGENCY FOR BUSINESS WITH THE U. S. PATENT OFFICE, WASHINGTON.

R. H. EDDY,
No. 75 State Street, opposite Kilby St.,
BOSTON.

IMPORTANT INFORMATION TO INVENTORS.—The subscriber, (late Agent of the U. S. Patent Office under the Act of 1837,) determined to present advantages in applying for patents, superior to those offered inventors by others, has made arrangements, whereby, on applications prepared and conducted by him, THIRTY DOLLARS (instead of twenty, as paid back by others,) will be remitted by him in case of failure to obtain a patent, and the withdrawal through him, within thirty days after the rejection.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able beyond question, to offer superior facilities for obtaining patents.

Caveats, Specifications Assignments, and all Papers and Drawings necessary to the procural of patents in this and foreign countries, prepared, and advice rendered on legal and scientific matters respecting inventions, and infringement of patents. All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

Copies of the claims of any patent furnished for one dollar. Assignments recorded at Washington. Patents secured in Great Britain, France, and other foreign countries, through agents of the highest respectability.

R. H. EDDY, Solicitor of Patents,

TESTIMONIALS.

"During the time I occupied the office of Commissioner of Patents, R. H. EDDY, Esq., of Boston, did business at the Patent Office as Solicitor for procuring Patents. There were few, if any, persons acting in that capacity, who had so much business before the Patent Office; and there were none who conducted it with more skill, fidelity, and success. I regard Mr. Eddy as one of the best informed and most skilful Patent Solicitors in the United States, and have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE,
Late Commissioner of Patents."

[From the present Commissioner.]

"August 17, 1855.—During the time I have held the office of Commissioner of Patents, R. H. Eddy, Esq., of Boston, has been extensively engaged in the transaction of business with the Office, as a Solicitor. He is thoroughly acquainted with the law, and the rules of practice of the Office. I regard him as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON,
Commissioner of Patents."

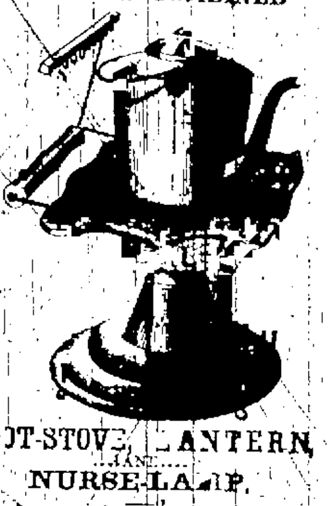
ARNOLD'S COMBINED



FOOT-STOVE, LANTERN,
......AND......
NURSE-LAMP.

ALBERT NOYES having purchased the exclusive right for manufacturing and vending in Penobscot County, the above valuable invention, is now prepared to offer them to the public.

As a FOOT STOVE, it answers an excellent purpose, as it can be sufficiently heated in less than one minute to warm and dry the feet in the coldest winter weather, and will be found to be an indispensable article in traveling. It is heated by an oil, alcohol, or fluid lamp, the flame of which is protected from every external object.

As a LANTERN, it answers all the usual purposes, and is less likely to be overset, or get broken, and can be used as a house lamp with equal advantage.

As a NURSE LAMP, and in cases of sickness, it is of great advantage in keeping drinks or medicines warm, also in giving the light desired, and for cooking in small quantities. For making tea, &c., it will be found very convenient, as a quart of water can be boiled in fifteen minutes, and a flat-iron heat in the same length of time.

In fact, the various purposes to which this heat apparatus can be put may be readily conjectured by every one. No further description is required, as no one can misunderstand its general utility. To say any thing more respecting its adaptability to a hundred purposes would just be telling what our readers can all see at once for themselves.

An infamous Lie.

The Bangor Democrat and other Buchanan papers are repeating the infamous slander that Col. Fremont is a slaveholder.

IT IS AN ATROCIOUS AND BASE FALSEHOOD, without the shadow of foundation.

COL. FREMONT HAS HIMSELF EXPRESSLY DENIED THAT HE EVER OWNED A SLAVE—and he would not even have one hired in his family.

And yet the liars and slanderers wilfully repeat the falsehood.

What is Modern Democracy?

The telegraphic despatch says in relation to the Buchanan meeting at Portland on Thursday:

"The utmost enthusiasm prevailed, *especially on the appearance of the slaveholding Southern gentlemen* (the slaveholders Cobb and Benjamin) who were received *with a perfect storm of applause*."

In connection with the above, we will remark that the New York Day Book, a paper recently started by the Buchananites, says that "NEGRO SLAVERY EXTENSION IS THE SOLE QUESTION BEFORE THE COUNTRY" and that "THE DEMOCRACY ARE NOT OPPOSED TO SLAVERY EXTENSION"—and, that the Washington Union, Buchanan's organ, declares that "DEMOCRACY AS TAUGHT IN MAINE IS THE SAME AS THAT RECOGNIZED IN GEORGIA."

Ergo—Democracy now consists in slavery extension.

Of course slaveholding speakers are received with "a perfect storm of applause" at a Buchanan meeting.

A bookseller in Chicago advertised the lives of Fremont and Buchanan the other day.—Sales the first two days were, Fremont, 750; Buchanan, 10.

KENTUCKY. Louisville, Aug. 6. It is generally conceded that this State has gone democratic.

IF SLAVERY BE NOT A LEGITIMATE, USEFUL, MORAL AND EXPEDIENT INSTITUTION, WE CANNOT, WITHOUT REPROOF OF CONSCIENCE AND THE BLUSH OF SHAME, SEEK TO EXTEND IT, OR ASSERT OUR EQUALITY WITH THOSE STATES HAVING NO SUCH INSTITUTION.

* * *

THEY (THE NORTHERN DEMOCRATS) CANNOT CONSISTENTLY MAINTAIN THAT SLAVERY IS IMMORAL, INEXPEDIENT AND PROFANE, AND YET CONTINUE TO SUBMIT TO ITS EXTENSION.—*Richmond Enquirer.*

These are true words of the southern Buchanan organ; and they are words which should be well pondered by the voters of Maine. They should be well considered by all who take any interest in a question so important to the welfare of our free institutions as the slavery question has now become.

What do these words mean? They mean that human slavery, which was once looked upon as an evil by men in all sections of the Union—admitted to be an evil, though unfortunately entailed upon us, and universally considered at the North as an immoral and unjust institution—is now boldly proclaimed by Southern men to be a "LEGITIMATE, USEFUL, MORAL AND EXPEDIENT INSTITUTION." They mean that Northern democrats, inasmuch as they now agree to the *extension* of this institution, substantially endorse these claims of slavery to the respect of the world—otherwise, as the Enquirer well puts the case, their conduct is utterly inconsistent.

The truth is, the position now taken by the Enquirer, is but the evidence of another forward step of the peculiar institution. It is a peculiar institution indeed. In the days of our fathers—when Washington, and Jefferson, and Madison, and rare Ben. Franklin, were upon the stage—slavery was considered an enormous and fearful evil to the country, and a sin against God and man [illegible]. Jefferson tells us that he trembled, in view of its enormity, when he considered that God is just. And Jefferson, with the other patriotic men of his day looked upon a measure which was possible for them to take, to prevent its *extension*, but tolerate its gradual extinction in the States themselves. The fact has recently been developed that Jefferson, in the old Congress of the Confederation, first proposed to exclude slavery after the year 1800, from all the Territory ceded or to be ceded by individual States to the United States, which would have gone south to the *thirty-first* degree of north latitude, that being about the Southern boundary of the United States, and embracing in its OPERATION WHAT IS NOW THE STATES OF ALABAMA, MISSISSIPPI, TENNESSEE AND KENTUCKY.

This proposition was [illegible] for the government of the Territory, and sixteen of the delegates (including Mr. Jefferson) voted to retain the provision so excluding slavery, and seven only against it; but as it lacked one vote of the required vote of seven States, it was lost—the famous antislavery ordinance of 1787 applied to the North-western Territory, being adopted three years afterwards. The above fact, however, shows how thoroughly opposed were Jefferson and his compatriots to the extension or even the continuance of slavery in this Union. They foresaw the dangers which would spring from it to our Republican institutions, and to the interests of free labor.

In the days of our fathers, we say, slavery was considered an evil to be got rid of, even by Southern men. Now it is held up as a blessing, to be embraced—as a legitimate, moral, useful and expedient institution, and one to be extended and perpetuated. The former view was that taken by *Jeffersonian* democracy. The latter view is that taken by *modern* democracy, as set forth by the Richmond Enquirer as above quoted.

Verily slavery is a peculiar institution! and so is modern democracy!

The Portland Sizzle.

The telegraphic announcement to the Journal of Friday, said that the Buchanan meeting at Portland to hear the slaveholders, Cobb and Benjamin, and the Doughface Fuller, was considered a decided success!

We have a letter from Portland, this forenoon, written on business to a gentleman in this city, in which the writer says the meeting was a *decided failure*. He says:

"The Democratic Ratification meeting to-day is very thinly attended—not one quarter the number there was at the Fremont gathering.

The most astonishing efforts were made by the Buchananites to get up a great gathering at the above session. All the railroads in the State were chartered at half fare. But nobody went."

The Commencement exercises of Waterville College commenced Tuesday evening, August 12th, with an anniversary of the Literary Fraternity and Erosophian Adelphi. Rev. N. F. Thompson will deliver an oration, and William C. Williamson, Esq., a poem, before the societies.

The regular exercises of the graduating class will occur Wednesday, Aug. 13th.

Wednesday evening there will be a grand concert by the Germania Serenade Band, of Boston, in the Baptist Church.

The Straightout Whig County Convention held here on Thursday, recommended B. F. Furber of Palmyra as a delegate to a National Convention at Baltimore in September next; and Silas C. Hatch of Bangor as a candidate for Elector.

THE NOMINATION AT NEWPORT.—We learn that that formerly intense Straightout Whig, Abraham Sanborn of this city, was nominated at Newport yesterday (8th) for Representative to Congress by the Buchanan democracy. Is anything further necessary to show the Straight Whigs what, through of pro-slavery hunkerism, the "Alliance" is fusing them into.—"Straight Whig" is becoming synonymous with Buchanan and Pierce Democrat.

BANGOR TROTTING PARK. Mr. Lingo, Portland, will arrive to-day in steamer Daniel Webster, with three trotting horses, and races will come off on the 12th, 13th and 14th instant. The Lady Ann of Portland, will go for a purse of $200 with the [illegible] city, on Wednesday 13th.

See what Fremont says.

[Fremont to the citizens of New York.]

"If I am elected to the high office for which your partiality has nominated me, I will endeavor to administer the Government according to the true spirit of the Constitution, as it was interpreted by the great men who framed and adopted it, and in such way as to preserve BOTH LIBERTY AND THE UNION."

See what Buchanan said.

Buchanan in the U. S. Senate in 1840, said:

"REDUCE OUR NOMINAL TO THE REAL STANDARD OF PRICES THROUGHOUT THE WORLD, AND YOU COVER OUR COUNTRY WITH BLESSINGS AND BENEFITS."

"The real standard of prices throughout the world" at that time, was TEN CENTS PER DAY.

Buchanan loves the South.

"We have stated that Mr. Buchanan's prejudices against slavery, his VOTES and ACTS are with us. We need only cite the fact that he signed the Ostend Manifesto, a document whose *sole object* was to acquire Cuba, out of which two or three Slave States could have been formed."—*Charleston, S. C., Mercury.*

See what Jackson said.

"[illegible] helping Polk's determination to appoint Buchanan his Secretary of State I felt it my duty to warn him against Buchanan whether it was agreeable or not. And I tell you Mr. Buchanan is an *unreliable man*. I know him well, and Mr. Polk will yet admit the correctness of my prediction."—*Gen. Jackson to Gen. Armstrong.*

Negro Slavery is the Sole Question.

"DEMOCRACY, as taught in Maine, IS THE SAME as that which is recognized in Georgia; and the Platforms which have been erected by the Democrats of THE SOUTH *cannot be distinguished* IN THE SLIGHTEST PARTICULAR, from the Platforms erected by the Democracy of THE NORTH."—*Washington Union.*

☞ ☞ ☞ ☞ ☞ ☞

"There is no escape from this conclusion.—Slavery Extension, is THE SOLE QUESTION before the country. * We repeat; Slavery—Negro Slavery, and Negro Slavery Extension, is the sole question before the country, and to be determined in the approaching presidential election. * But *the Democracy are NOT opposed to Slavery Extension.*"—*N. Y. Day Book, a Buchanan paper.*

"Mr. Buchanan has habitually indicated, on the dangerous question of Slavery, *certain feelings*."—*John C. Calhoun.*

Northern Laborers classed with Slaves.

The Democratic party like very well the votes of a large branch of our foreign population, but the despotic power which rules that party, and which is determined to rule, or ruin the country, has the following language for the "menials" who serve in hotels:

"IF WHITE MEN ACCEPT THE OFFICE OF MENIALS, IT SHOULD BE EXPECTED THAT THEY WILL DO SO WITH AN APPREHENSION OF THEIR RELATION TO SOCIETY, AND THE DISPOSITION QUIETLY TO KNOW THEIR RESPONSIBILITIES AND THE LIABILITIES WHICH THE RELATION IMPOSES."—*Richmond (S. C.) Standard.*

"IT IS [illegible] THE NORTH WERE [illegible] SERVANTS, AND NOT [illegible]. [illegible] THIS HERBERT AFFAIR WILL TEACH US PRUDENCE."

The "menials" will recollect this, for the "gentlemen" who are not in disguise may be under the necessity of shooting them in self-defence!

The Missouri Democrat remarks upon this as follows:

"Those white slaves, as those who labor in household duties are called, have no right to resist any outrage, no matter how gross. This is fully equal to the language of Mr. Grady, the Alabama Know Nothing representative, who denounced laboring men as 'white slaves,' and worthy of Mr. Reynolds, who seems to have had his seat from the Charleston print, when he spoke of GERMANS AND IRISH AS WORSE THAN NEGROES."

Such is the manner in which the Pierce office holders and the Know Nothing representatives treat the millions of working men who have done so much to make this country great and glorious.

CREED OF THE REPUBLICAN PARTY.—As a fit reply to the base slander that the Republican party is seeking the dissolution of the Union, we copy a few paragraphs from a Republican creed which we happen to see referred to in an English paper:

"We believe it to be a sacred duty devolved upon every citizen *to assist to the utmost of his power in preserving the Constitution of the United States*, and that plank of *Republican institutions*, [illegible] *to preserve and perpetuate*, all of which it is only valuable as the protector and guardian.

We hold to the principles and policy of the Republican party as expressed in the Philadelphia platform, and believe in accordance with the teachings of the founders of the republic, in accordance with the Constitution of the United States, with the genuine republican institutions and with the best interests of the people.

We believe that Freedom is and ought to be national and slavery sectional. We are opposed to governmental interference with the institution of slavery in the States where it now exists, but we believe that it ought not to be allowed to extend into territories now free, and that no more slave States should be admitted into the Union.

We believe in the greatest good to the greatest number, and in the right of the people to govern themselves. We are therefore opposed to 350,000 slaveholders ruling 25,000,000 of freemen.

We believe the Republican party to be the only national party—the only one with sound national aims and ends worthy a great people."

THE FOURTH DISTRICT.—The Straightout section of the Buchanan party in the Fourth District nominated David Bronson of Bath for Congress on the 7th inst.

A correspondent at Augusta writes us that the Convention was a miserable slim affair—but very few in attendance, and the most of those from Bath and Augusta.

The Height of Meanness.

We see it stated that a book peddler in Portland has been brought before the Police Court by the Buchananites and fined $20 and costs for selling the Life of Fremont in the streets.

The Card from [illegible], which appeared in our paper yesterday, [illegible] an inquiry, was improperly published.

After a great amount of drumming up yesterday, the Buchaniers raised about two hundred persons, from curiosity or otherwise, to go out to Newport to hear the [illegible] "Southerners" Cobb and Benjamin. The [illegible] cars provided for them [illegible] were not crowded [illegible], that class of [illegible] [illegible].

Just as we Supposed.

A friend has sent us the following information respecting the delegates from Hancock county, who voted for the anti-slavery resolutions in the Democratic State Convention of 1849, which nominated John Hubbard for Governor, and which resolution the Republican State Convention of this year adopted and reaffirmed.

Whole number of delegates, 30. Of whom there are now

For Fremont,	11
For Buchanan,	13
Deceased,	3
Left the State,	1
Doubtful,	2
	30

Of the thirteen Buchanan men, six hold public offices, viz: Amos Waswell, Inspector at West Point Academy; John Lee, Deputy Collector of Customs at Bucksport; Thos. D. Jones, Collector of Customs at Ellsworth; Wm. Bennett, Warden State Prison; E. Redman, Supt. Building Custom House at Ellsworth, and Deputy Sheriff; G. T. Vose, Clerk in Custom House at Castine.

Thus leaving among the people, uninfluenced by consideration of personal compensation, only seven men of the original thirty!

In every test that is made, in this proportion substantially, the people are for Fremont and Freedom, and against Buchanan and Slavery! It is so throughout Maine. It is so in all the Free States. They won't follow party leaders at the sacrifice of clearly understood principles!—*Expositor.*

[From the Kennebec Journal.]

The Bangor Journal and the State Printing.

The Bangor *Journal* harps almost daily on what we received last year for doing the State printing. It exaggerates the amount, and most grossly and ridiculously exaggerates the profits we realized.

We did the printing for the State for the political year 1855 *without any contract*, relying entirely upon the justice and liberality of the Legislature of 1856 for our remuneration. Our bills were made out according to the exact tariff of charges paid by the State to the proprietors of The Age for similar services for the past sixteen years. Indeed, the foreman of the Age office for many years past, a most experienced printer and a regular *bred* democrat, made up our accounts for us exactly as he had done for so many years for The Age proprietors.—These accounts were presented to the Legislature—referred to a committee, three-fourths of whose members were Coalitionists, were by the committee for two weeks, were carefully inspected by them, and their *unanimous* report was that they were just and true, and should be *allowed* and paid. This report was *unanimously* confirmed by the coalition House and Senate, and a warrant for the payment of the sum allowed was drawn by Gov. Wells. These are the simple, naked facts, and, if too much has been paid us, it is the fault of Gov. Wells and the Coalition Legislature, who were not bound to allow us a dollar beyond what they thought honestly due. We had *no contract* to bind them even an [illegible]. So much for the outcry about the State printing.

Who is it that is raising this hue and cry about what is received from the State? It is no less a personage than Mr. Daniel Sanborn, the present incumbent of two offices, with a large margin of stealing attached to each.

First Mr. Sanborn is Judge of Probate of Penobscot, an office he received from Gov. Crosby, as a reward for his zealous efforts in aiding the dirty treachery in the first systematic attempt to sell out the whig party to the [illegible] democracy.

In addition to this office, Mr. Sanborn is Deputy Land Agent for the State, with a regular salary of $1000, which however, if we may judge by words from his own mouth, is only a small part of what he realizes. He held the same position under Geo. C. Getchell in 1854, and, when at the beginning of this year, Getchell was an applicant for the Land Agency, it was supposed that Sanborn would aid his claims. But no; he electioneered against him, even personally abused him and did all he could to advance the interest of his rival, Lance Walker. During the canvass for the office, a gentleman (whose name we could give) asked Sanborn why he worked against Getchell? His reply was "D—n Getchell; he gave me no chance year before last; I only made EIGHTEEN HUNDRED DOLLARS." From this remark, the public can judge what he expects to make this year.

The Difference.

Howell Cobb of Georgia and Senator Benjamin of Louisiana, will attempt to-day to instruct the citizens of Portland and of Maine, as to their political duty in reference to the extension of slavery, as involved in the present Presidential campaign. Mr. Benjamin not long since said that if slavery should be excluded from the United States, "I HOLD AND THE SOUTH HOLD, that THE UNION CANNOT STAND." With this idle threat, which may be used by knaves at the North to frighten weak men and children, but which would pass by every grown up man as the idle wind, these slaveholders come to Maine.

Could our Senators, William P. Fessenden and Hannibal Hamlin, go to Georgia and other slaveholding States, and advocate the prohibition of slavery in the territories of the United States? Could they go there and express the sentiments so often expressed by Jefferson, in reference to the institution of slavery? Every body knows they could not, except at the peril of their lives. As Foote told John P. Hale, they would be hanging upon the highest tree. And yet this man, with brazen-faced impudence, comes here to tell us that we are not national and he is NATIONAL!—*Portland Adv. 8th.*

The correspondent of the Cambridge Chronicle tells the following story of the Buchanan flag in Hallowell:

A few days ago, a good old farmer was riding leisurely into town in a light wagon, attached to which was an old grey. The sober-minded horse jogged quietly along, while the farmer, with listless gaze, nodded abstractedly, [illegible] passers by, on either side. Suddenly the horse came to a stand still. "Get up," said the old man. No motion on the part of the horse. "Go along," and he again jerking the reins. The horse remained immovable, except turning his eye towards his master. Looking up then, the old man spied the flag hanging over him; slowly he read aloud, Buchanan and Breckenridge, Samuel Wells. Drawing up the reins, he said to the horse; "So old fellow, you won't go under that flag, will you? You won't go under it. Well, I don't blame you. I won't go under it myself;" and quietly backing, he turned up by the Factory, and coming round by the Hallowell House, went through Winthrop down into Water street again.

More Southern Impudence.

The "Spirit of the South," a Buchanan organ printed at Eufaula, Ala., in speaking of the brutal assault made by Vicks of South Carolina upon Mr. Jacob Stanwood of Boston at the Metropolitan House in New York, says:

"This was a thoroughly [illegible] at the [illegible] of Stanwood, who [illegible] $2500 for damages [illegible]. [illegible]"

THE FOOT RACE.—The foot race between Grindall and Smith at the Trotting Park yesterday afternoon drew together about a thousand people. Two or three Indians of the Penobscot tribe entered as competitors with them and let their copper skins a-glow. Grindall suffered no one to have any business with him and kept ahead of every thing that started; he put himself on the course for a longer or shorter distance against him—even distancing some of the horses that endeavored to follow after. He won the race in three straight heats of two miles each. Grindall is of the Calvin [illegible] species, cuts the air like a knife and shows a most nimble pair of heels. His wind is good and his motion easy.

The following is the recapitulation of the heats of two miles each:

Grindall, 10.30—10.40—10.33.
Smith 12.10—11.34—11.34.
Mitchell Polesusan 11.17—11.26—11.44.

Total—Grindall ran the six miles in 31.43; Smith in 34.11; Mitchell Polesusan in 34.26.

Grindall's quickest mile was 5.10.

Other Indians who entered gave out after the first mile, but they made respectively 5.40—5.48—5.57—6.06.

Smith was not in good condition or he would have pushed Grindall more.

The horse race resulted as follows:

P. P. Elder's Grey Horse, Tiger, won the two first heats against H. Cunningham's Roan Horse.

TIME.

Grey Horse 3.01—3.01.
Roan Horse 3.02—3.03.—*Journal.*

FIDELITY TO DUTY.—Mr. T. L. Berry, baggage master of the Fall River train, who was on board the Empire State when the late accident occurred, informs us that he had just been speaking with the third engineer, Ezra Williamson, at the door of the engine room, when the explosion took place. Mr. Berry sprang forward and escaped injury, but Mr. Williamson, obeying a dictate of duty, stopped the engine before he left the room, and then ran upon deck. Berry followed him, and raised him up when he fell, and the first words he spoke after the accident, and almost the last words he ever articulated, were, "Did I stop the engine?"—The poor fellow fell victim to his sense of duty, and but for his fidelity and devotion, the boat would have been disabled so as to render her return to Fall River impossible. Mr. Williamson was a favorite with the officers and crew of the steamer, and was considered, as he proved at the expense of his life, a faithful and capable engineer.

COMMENCEMENT AT BOWDOIN.—Owing to the rain, which fell all day on Wednesday, the attendance was not so large as usual. A class of thirty-two graduated, among whom were Edwin Pond Parker, of Dover, Edwin [illegible] Palmer, of Belfast, and Samuel William Tenney, of Norridgewock. The speaking was generally very good. On Tuesday evening the Concert by the Dodworth's Band was very fully attended and gave great satisfaction.—*Journal.*

POCKET PICKED.—Wednesday afternoon, Capt. Hallet of Rockland, Me., while purchasing a ticket on board the steamer Eastern City, in Boston, had his pocket book picked from his pocket containing $459 in bank bills of various denominations, and a note of hand for $300, signed by Tarbell, Dana & Co., Boston.—*State of Maine.*

Worth Reading.

WHEN by long study and many experiments, a physician has discovered a new principle in medicine, by which pain may be removed and disease cured, more surely and effectively than before, it immediately becomes his duty to bring it before the public as to give to all an opportunity to profit by his discovery. For this reason the proprietor of the Allied Ointment and Ery[illegible] his preparation to all who are afflicted with Scrofula, Salt Rheum, Cancerous Humors, Fever Sores, Pimples, and other eruptions, with the assurance that in nearly every case where they have been tried they have effected permanent cures. Every agent can give reference to persons in his vicinity who have been cured by them.

Try It! Try It!! Try It!!!

G. W. STONE'S
LIQUID CATHARTIC
—AND—

FAMILY PHYSIC,

The most important discovery ever made in Medical Science, being a compound of Barks and Roots, which forms the most powerful, safe, and agreeable physic ever offered to the public.

THE necessity of such a medicine having been felt both by the heads of families and physicians, its advantages over cathartics given in the form of Pills or Powders must be obvious to every intelligent person. It operates more mediately and effectually upon the system, and at the same time is infinitely less difficult to administer, being quite agreeable to the taste. It not only produces all the effects where physic is required, but completely removes habitual Costiveness, leaving the bowels perfectly free. It expels all humors from the blood, is a certain cure for the Piles, Regulates the action of the Liver, frees the stomach from Bile, invigorates the whole system, and removes the cause of all local pains, such as *Rheumatism, Neuralgia, Tic Doloreux, Gout, Pain in the Head, side, Stomach, &c.*

It may also be relied upon in all diseases of the Bowels—DYSENTERY, DIARRHŒA, AND CHOLERA MORBUS, yield at once to its magical influence. Again we repeat, TRY IT!—It needs no other recommendation. [illegible] will be without it after they have properly tested its merits. Reader, if you have tried other remedies, without success, despair not—relief is now at hand. Are you suffering from Scrofula, six bottles of my Liquid Cathartic will cure you. Would you be relieved from habitual Costiveness, three bottles will effect a [illegible]. If you are afflicted with Rheumatism, Neuralgia, or other local pains, two bottles will free you from them.—All humors will be eradicated from the blood by the use of from one to six bottles. In short, if you want a physic for any purpose, this is the most reliable, safe, and agreeable [illegible] that has ever been placed within the reach of the public.

Cheap & Convenient Building.
Door, Sash and Blind Factory.
A. DUNBAR

HAS been very successful in completing several contracts for Door Frames, Doors, Window Frames and Sashes, and Blinds, for dwelling-houses and other buildings to be erected in this city, this coming season. He has excellent workmen in his employ, and has superior stock, so that he is now able to supply to those about to build the best articles of Door Frames, Window Frames, Sashes, and Blinds, made to any dimensions and of superior quality, either for a whole building or for a less quantity. The trouble and expense of building is very much lessened by having these articles made separately, so that the carpenters have only to put them in their place in the structure.

It is believed [illegible] become so well understood that only a small margin is left in knowing beforehand the cost of a dwelling-house, while the work is of a uniform excellent quality.

Any one interested can examine specimens of the work at the factory, near the Rice Place, or at the store of M. H. Jackson on Exchange st., and at other places any articles may be obtained or large quantities ordered.

Mr. Dunbar is also prepared to furnish Window Blinds ready painted, and will hang them at the shortest notice.

By long experience, and a determined perseverance, the subscriber is now enabled to suit his customers, both in quality and price, and so well organized is the [illegible] that no man should now think of building in the old and slow and expensive methods.

Singer's Sewing Machines.

ALL PERSONS who desire to obtain full and reliable information respecting SINGER'S SEWING MACHINES, their price, capabilities, advantages, sizes, improvements, method of working, means of procuring them, and all other particulars—can do so by applying at our office,

No. 323 Broadway, New York,

by letter or in person, for

I. M. SINGER & CO'S GAZETTE.

This paper is devoted entirely to the Sewing Machine interest. Copies will be supplied gratis to all interested.

N. B.—The unparalleled success of our Sewing Machines has induced several fraudulent imitations of them, besides numerous infringements of our patents—of which we own sixteen. Suits for the infringement of our patents have recently been decided in our favor in the U. S. Circuit Courts in New York and New Jersey. In these suits the great principle of *Holding down the Fabric to be Sewed to the Action of the Machine, by a yielding pressure,* which is used in all Sewing Machines—has been fully established. The Wheeler & Wilson, and the Grover & Baker Sewing Machines, are made all of each infringe three distinct patents owned by us. We have suits against them in several of the U. S. Courts, which will soon be tried. We hereby caution the public not to buy any infringing Machines, as they can be compelled by law to pay for using them, and to pay costs and damages.

Local Agents wanted to make sales of our improved sewing machines. To persons properly qualified for the business a rare opportunity for profitable and pleasant employment is offered.

New and improved machines exchanged on liberal terms for old machines of every kind.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Buchu,

A CERTAIN, SAFE, AND EFFECTUAL REMEDY

for Diseases of the Bladder, Kidneys, Gravel, Dropsy, Weakness, [illegible], Obstructions, Female Complaints,

and all Diseases of the Sexual Organs, whether in

MALE OR FEMALE,

from whatever cause they may have originated, and

No Matter of How Long Standing!

This popular and specific remedy is now offered to the afflicted, and guaranteed to cure all the above complaints. It roots out the very roots of the disease, driving out all the diseased humors of the body, thus removing the cause and rendering the cure

Certain and Permanent.

This medicine allays pain and inflammation, which other remedies invariably cause, and may be taken with less trouble and expense to patients. This infallible remedy has saved thousands, rescuing thousands from the hands of

Merciless Quacks,

and from premature graves. In cases of infection, the Compound Buchu is the only article worthy of the least confidence of the afflicted in performing

SAFE CURES.

It contains no narcotic, mercury, or other injurious drug, but is a purely VEGETABLE COMPOUND. It may be agreeable to the taste, creating no perceptible odor, and may be taken by persons of either sex without hindrance from business or medical advice, the plain directions for use accompanying the medicine. Reader, if you have any of the above complaints, do not neglect them,

Delays are Dangerous.

With this medicine you can save yourself, and thus prevent all exposure.

Faith must and will prevail.

This medicine speedily and effectually cures the most virulent form of secret diseases, and eradicates every particle of infectious matter from the patient to a perfect state of Health and Purity.—And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found, it acting both as a Cure and Preventive of any of the above ailments.

HELMBOLD'S

HIGHLY CONCENTRATED

Compound Fluid Extract Sarsaparilla,

—FOR—

Purifying the Blood, removing all diseases arising from Excess of Mercury, Exposure and Imprudence in Life, chronic constitutional disease arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofula, Salt Rheum, Scald head, Ulcerations of the Throat and Legs, Pains and Swellings of the Bones, Tetter, Pimples on the Face, and all scaly Eruptions of the Skin.

It is gratifying to the proprietor of these medicines to be able to state that it is now nearly three years since they were first introduced, during which time they have been extensively used in various parts of the United States, and have given to patients and practitioners the highest degree of satisfaction in the various cases in which they have been employed, whether in town, country, hospital, or private practice, they have invariably given the most decided and unequivocal satisfaction, and produced the most salutary and beneficial effects. Numerous letters have been received from the most distinguished physicians in the country, and from the professors of several medical colleges, recommending in the highest terms the value of these medicines and their superiority over all other preparations for such complaints as the proprietor recommends. Numerous preparations of Sarsaparilla and Buchu, and various modes of preparation have been given, all of which of course will differ according to the mode of preparation which each individual may adopt.

These medicines require considerable care in the preparation, and the employment of different menstrua is necessary in order to take up the extractive matters; and, in consequence, are most frequently imperfectly made, and not unfrequently so much impaired, if not rendered totally inert, by the injudicious and unskilful management of those who are not united with pharmaceutical operations. It is, therefore, of the highest consideration and importance to the public, and to the profession, that there should be standard preparations of uniform strength and possessing the most advantages. To effect this and obviate the evil alluded to, I have made a number of experiments to ascertain the best effectual mode of extracting the virtues of the Sarsaparilla and the Buchu, and to adopt the most eligible form for their exhibition. The experiments have resulted most favorably, and it is with much pleasure I now offer to the public and the faculty my Compound Fluid Extracts, which contain all the virtues of the articles they are represented to be made from in a highly concentrated form, and are the most active preparations which can be made. Two table spoonfuls of the Extract Sarsaparilla added to a pint of water is equal to the Lisbon diet drink, and one bottle fully equals in strength one gallon of Syrup Sarsaparilla or decoction, as usually made.

Certificates of cures and recommendations from distinguished professors and physicians, will accompany each preparation. Prepared and sold by

AYER'S

CHERRY PECTORAL,

FOR THE RAPID CURE OF

Colds, Coughs, and Hoarseness.

Brimfield, Mass., 20th Dec., 1855.

Dr. J. C. AYER: I do not hesitate to say the best remedy I have ever found for Coughs, Hoarseness, Influenza, and the concomitant symptoms of a Cold, is your CHERRY PECTORAL. Its constant use in my practice and my family for the last ten years has shown it to possess superior virtues for the treatment of these complaints. EBEN KNIGHT, M. D.

A. B. MORTLEY, Esq., of Utica, N. Y., writes: "I have used your Pectoral myself and in my family ever since you invented it, and believe it the best medicine for its purpose ever put out. With a bad cold I should sooner pay twenty-five dollars for a bottle than do without it, or take any other remedy."

Croup, Whooping Cough, Influenza.

[illegible]

"BROTHER AYER: I will cheerfully certify your Pectoral is the best remedy we possess for the cure of Whooping Cough, Croup, and the chest diseases of children. We of your fraternity in the South appreciate your skill, and commend your medicine to our people. HIRAM CONKLIN, M. D."

AMOS LEE, Esq., Monterey, Iowa, writes, [illegible]: "I had a tedious Influenza, which confined me in doors six weeks; took many medicines without relief; finally tried your Pectoral by the advice of our clergyman. The first dose relieved the soreness in my throat and lungs; less than one half the bottle made me completely well. Your medicines are the cheapest as well as the best we can buy, and we esteem you, Doctor, and your remedies, as the poor man's friend."

Asthma or Phthisic, and Bronchitis.

West Manchester, Pa., [illegible]

SIR: Your Cherry Pectoral is performing marvellous cures in this section. It has relieved several from alarming symptoms of consumption, and is now curing a man who has labored under an affection of the lungs for the last forty years. HENRY L. PARKS, [illegible]

A. A. RAMSEY, M. D., Albion, [illegible] writes, [illegible]: "During my practice of many years I have found nothing equal to your Cherry Pectoral for giving ease and relief to consumptive patients, or curing such as are curable."

We might add volumes of evidence, but the most convincing proof of the virtues of this remedy is found in its effects upon trial.

Consumption.

Probably no one remedy has ever been known which cured so many and such dangerous cases as this. Some no human aid can reach; but even to those the Cherry Pectoral affords relief and comfort.

[illegible]

DOCTOR AYER, Lowell: I feel it a duty and a pleasure to inform you what your Cherry Pectoral has done for my wife. She had been five months laboring under the dangerous symptoms of Consumption, from which no aid we could procure gave her much relief. She was steadily failing, until Dr. Strong, of this city, [illegible] recommended a trial of your medicine. [illegible] She is not yet as strong as she used to be, but is free from her cough, and calls herself well. Yours with gratitude and regard, ORLANDO SHELBY, [illegible]

Consumptives, do not despair till you have tried Ayer's Cherry Pectoral. It is made by one of the best medical chemists in the world, and its cures all around us bespeak the high merits of its virtues.—Philadelphia Ledger.

Ayer's Cathartic Pills.

THE sciences of Chemistry and Medicine have been taxed their utmost to produce this best, most perfect purgative which is known to man. Innumerable proofs are shown that these Pills have virtues which surpass in excellence the ordinary medicines, and that they win unprecedentedly upon the esteem of all men. They are safe and pleasant to take, but powerful to cure. [illegible] They purge out the foul humors which breed and grow distemper, [illegible] and impart healthy tone with strength to the whole system. Not only do they cure the every-day complaints of every body, but also formidable and dangerous diseases that have baffled the best of human skill. [illegible] Many eminent clergymen and physicians have lent their names to certify to the public the reliability of my remedies, [illegible]

The Agent below named is pleased to furnish gratis my American Almanac, containing directions for their use and certificates of their cures of the following complaints:—

Costiveness, Bilious Complaints, Rheumatism, Dropsy, Heartburn, Headache arising from a foul stomach, Nausea, Indigestion, Morbid Inaction of the Bowels and Pain arising therefrom, Flatulency, Loss of Appetite, all Diseases which require an evacuant medicine. They also, by purifying the blood and stimulating the system, cure many complaints which it would not be supposed they could reach, such as Deafness, Partial Blindness, Neuralgia and Nervous Irritability, Derangements of the Liver and Kidneys, Gout, and other kindred complaints arising from a low state of the body or obstruction of its functions.

Do not be put off by unprincipled dealers with some other pill they make more profit on. Ask for Ayer's Pills, and take nothing else. No other they can give you compares with this in its intrinsic value or curative powers. The sick want the best aid there is for them, and they should have it.

Practical and Analytical Chemist, Lowell, Mass.
